**DEFENDANT PATRIOT MEDIA CONSULTING LLC'S AMENDED
OBJECTIONS AND RESPONSES TO PLAINTIFFS' FIRST SET OF
REQUESTS FOR PRODUCTION OF DOCUMENTS AND THINGS**

Pursuant to Rules 26 and 34 of the Federal Rules of Civil Procedure, Defendant Patriot Media Consulting LLC ("Patriot"), by and through its attorneys, hereby responds to Plaintiffs' First Set of Requests for Production of Documents and Things with the following responses and objections.

GENERAL OBJECTIONS

The following General Objections are incorporated by reference in each of Patriot's Specific Objections and Answers set forth below:

1. Patriot objects to Plaintiffs' instructions to the extent they impose obligations on Patriot that are inconsistent with or exceed those set forth in the Federal Rules of Civil Procedure, Rules of the United States District Court for the Western District of Texas, or any Order of this Court.

2. Patriot objects to the First Set of Requests for Production of Documents and Things to the extent they seek the disclosure or production of information protected by the

attorney-client privilege and/or work product doctrine. Such information shall not be provided in response to these requests, and any inadvertent disclosure thereof shall not be deemed a waiver of any privilege or protection with respect to such information or documents.

3. Patriot objects to the First Set of Requests for Production of Documents and Things to the extent they seek information or documents that are confidential, sensitive, and proprietary business information. Any such information that is responsive will be produced, if at all, only upon entry of a confidentiality agreement/protective order.

4. Patriot objects to the First Set of Requests for Production of Documents and Things as overly broad and unduly burdensome to the extent they seek information or documents not within the possession, custody, or control of Patriot.

5. Patriot objects to the First Set of Requests for Production of Documents and Things to the extent they seek information or documents that are neither relevant to the subject matter involved in this litigation nor proportional to the needs of the case.

6. Patriot objects to the First Set of Requests for Production of Documents and Things to the extent they call for the production of documents or information without any limitation, or with an unreasonable limitation, as to the date of the documents or information. Patriot will answer as to the relevant time period.

7. Patriot objects to the First Set of Requests for Production of Documents and Things to the extent they seek discovery of information or documents already within the possession and control of Plaintiffs and/or Plaintiffs' counsel, or that are available from public sources, on the grounds that each such request is unduly burdensome and oppressive.

8. Patriot objects to the First Set of Requests for Production of Documents and Things to the extent they seek information beyond what is available from a reasonable search of

those Patriot files likely to contain relevant or responsive documents pertaining to this litigation.

9. Patriot objects to the First Set of Requests for Production of Documents and Things to the extent they seek legal conclusions.

10. Patriot objects to the Definitions set forth in Plaintiffs' First Set of Requests for Production of Documents and Things, specifically, Patriot objects to the definition of "Plaintiffs' Copyrighted Work" as overly broad in that it purports to encompass materials not yet identified.

11. Patriot objects to the use of the term "concerning" in Plaintiffs' First Set of Requests for Production of Documents and Things as vague and ambiguous. Patriot understands and interprets such requests to seek documents that refer to the specific subject matter.

12. Patriot objects to Plaintiffs' First Set of Requests for Production of Documents and Things to the extent they seek information regarding copyrights other than those specifically identified in this litigation. Patriot will respond as to copyrights specifically identified in this litigation.

13. Patriot objects to Exhibit A attached to Plaintiffs' First set of Requests for Production of Documents and Things to the extent that it seeks to impose on Patriot specific requirements regarding the format and content of its production that have not been agreed to by the parties or ordered by the Court.

14. These responses to the First Set of Requests for Production of Documents and Things are based on the documents available at this time and upon such investigation as is reasonable for Patriot to undertake under the circumstances of these requests. Should further discovery result in additions to, changes in, or modifications of the following responses, or if additional documentation becomes available, Patriot reserves the right to supplement these General Objections, as well as its Specific Objections and Responses to the First Set of Requests

for Production of Documents and Things.
